

Power Transmission Equipment

Motor Gear, Gear Motor

Wide range of motor variation

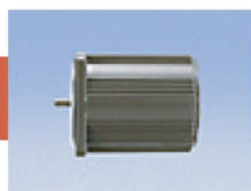

- * Induction motor
- * Reversible motor
- * Three phase motor
- * Various speed motor
- * Electromagnetic brake motor
- * C&B motor

Input voltage Single phase 100-120V
Single phase 200-240V

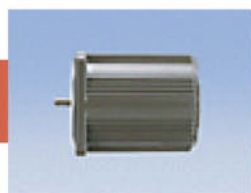

- * **Three models**- 40W or less/100V
60W and 90W/100V
90W or less/200V

Shin-G series / LOW NOISE TYPE

Induction motor

Reversible motor

Variable speed motor
Unit Type Speed Control Motor

Gear head
